Welcome to our club! We realize you have other choices when it comes to fitness and we'd like to thank you for choosing our business as your place to work out. We believe we have the best club around with the most attentive and knowledgeable staff, a variety of the most current workout equipment and a clean and comfortable atmosphere. Talk's cheap, though, and every owner will tell you that he or she is proud of the gyms they own.

Take full advantage of the trial membership to help you feel comfortable. I would be honored for you to introduce yourself to me the next time you visit the club. I have worked at and managed this Club for over 10 years on path to becoming an owner. I would love to meet you and find out how we can earn your business. Without loyal members like you, Riverside Athletic Club could not exist.

Yours in Health,
Brandon Wilde
President
